**Subject:** RE: Comment on Draft EIR Report for the Soitec Solar Projects

Mr. Heimerdinger,

Thank you very much for providing comments on the Soitec Solar Program EIR. I appreciate your comments and Planning & Development Services will be fair and unbiased as we evaluate and provide recommendations on the proposed project. Staff will contact you if we have any questions on the information you have provided.

Sincerely,

Mark Wardlaw  
Director  
Planning & Development Services

**Subject:** Comment on Draft EIR Report for the Soitec Solar Projects

Mr. Wardlaw,

With respect, I offer comments in attachment above to go on record regarding the most current EIR Draft Report for the proposed Soitec Solar Projects.

As fellow San Diegans, I am sure each of you has that feeling of pride we all live with being San Diegans, and each enjoys our beautiful San Diego County in their own way. As reading the comments above I certainly hope you all feel my pride for all of San Diego County. As a 54 year old San Diegan, I have never been so concerned with development as much I am now with the Soitec Solar projects proposal to be located in a residential area of our East County.

I trust you all as fellow San Diegans to do what is correct for San Diego's East County communities. May the "good" force be with you!

Thank you for all very much for the hard work you do for us!

Sincerely,  
York Heimerdinger
